Dear Customer,

We wanted to make you aware that we will be discontinuing our Nutrivene-AD Adult Daily Supplement on May 1st, 2016. This product is being phased out because Nutrivene-D Daily Supplement has been the primary focus of our reformulation efforts with methylating nutrients, antioxidants, and other new technologically advanced ingredients. Our Nutrivene-D Daily Supplement can be used in place of the Nutrivene-AD product.

We would like to extend a 20% discount on the Nutrivene-D Daily Supplement product on your next order to thank you for your continued patronage of our products. Should you have any questions or comments regarding the discontinuation of this product, please contact us directly at 1-800-899-3413.

Sincerely,

Robert M. Pugaczewski
President

“Nutrition for Special Healthcare Needs”
